Indian0 SAP 2020 FAQs

1. **What is Indian0?**

    Indian0 is an Artificial Intelligence based digital platform which offers high value in mapping an individual life cycle both professionally and socially. Indian0 is focused on helping students and individuals to be seen digitally in a more professional manner that indicates our mission to support Digital India initiative.

    Indian0 allows anyone to preserve and schedule one's lifetime events, ideas, memories and precious data in any format digitally which can be accessed under highly secured infrastructure from anywhere and anytime.

2. **What is the motto of the company "Indian0"?**

    Our motto is to develop a secure and stable digital infrastructure for all age groups.

3. **Why is the name suggested as "Indian0"?**

    Optimizing the early stage is the best investment we can make in ensuring the future success.

   When life starts, considered as zero.

    The emotional, social and physical development of premature blood has a direct effect on their overall development and on the adult they will become. That is why understanding the need to invest in a very young stage is so important, so as to maximize their future well-being. Nurturing, protecting and guiding at the early stage are considered zero. Then these stages become memories, efforts which have put in accomplishment that deserves to be preserved. Indian0 is that platform to enhance digitization of memories and precious data.

    A journey from zero to zero. *Trace every breath, live after death…*
